2. The only reservation that I have is that this work might be better handled by the HARMCO people in San Diego. [REDACTED] has been in touch with HARMCO in the past and can give you a brief idea of their ability. I would like to request that you arrange to discuss the content of your memorandum with [REDACTED] of HARMCO as soon as possible.

3. We have had HARMCO assistants as consultants in the non-metallic structures field and have adequate funds programmed within the present fiscal year for them to undertake such work. If you have any comment, please call me as soon as possible.
